

Belle Meade Stray Animal Fund Policy

The Belle Meade Stray Animal Fund is used for veterinary care of homeless or abandoned cats or dogs in order to limit the spread of disease, help a suffering animal and to be able to find them a home if possible.

Local vets charge large amounts of money for spay/neuter surgeries. Rabies vaccination and sterilization are offered for free at various vets as well as the shelter and Humane Society.

Neighbors can contact us if they have found a homeless pet that needs care.

Official veterinarian receipts must be provided to the HOA by emailing HOA@bellemeademiami.com.

The Belle Meade Stray Animal offers a fixed donation of up to \$100 per stray animal until the fund is depleted.

Clinics offering free sterilization and rabies vaccination

- Humane Society of Greater Miami, North - (305) 696-0800
- Miami Dade Animal Shelter, Doral - (305) 468-5900
